*"The Elements of Still Life Painting"*

**Painting Workshop**  
**Ellen Buselli**

**March 20 & 21**  
**10 a.m. to 4 p.m.**

This course will emphasize the structure of the still life, and observing the nature of color, light, and shadow. Starting with a drawing sketch of the set-up with umber tones, then painting directly with the intent to "paint to finish", a sense of economy of brushstrokes with meaningful observation and decision making during the painting process will be emphasized. Personal attention to every artist will be given each day.
